Response to Amendment

1. The purpose of this communication is to confirm Applicant's intended priority date. In the Restriction Requirement mailed on 02/09/2006, the Office noted that the instant application also appears to claim subject matter disclosed in prior Application No. 07/961,527, filed on 10/15/92. However, it does not appear that a proper benefit claim was made for Application No. 07/961,527. There is conflicting evidence in the record as to Applicant's intended priority date. For example, Application No. 07/961,527 was mentioned in the oath, but not in the first line of the specification. Was Application No. 07/961,527 mentioned in an Application Data Sheet? There is no record of an Application Data Sheet in the Image File Wrapper.

In the Response to the Restriction filed on 03/13/06, Applicant made no reference to the priority issue. It would appear then that the Applicant has intended to forgo the 1992 priority data based on Application No. 07/961,527.

However, before the Office expends the time and resources to examine an application based on a 1996 priority date, it is requested that the Applicant confirm or deny their intent to forgo the 1992 priority date. If Application No. 07/961,527 was indeed mentioned on the Application Data Sheet, then Applicant is requested to provide a copy of this document.

The previous communication from the Office concerning the priority issue is repeated below.

Election/Restrictions

2. Applicant's election without traverse of Group II, Claims 75-95 in the reply filed on 3/13/06 is acknowledged.

Claims 61-74 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 3/13/06.

The species restriction is withdrawn.

Priority

3. Applicant's claim for the benefit of a prior-filed application under 35 U.S.C. 119(e) or under 35 U.S.C. 120, 121, or 365(c) is acknowledged. Applicant has complied with one or more conditions for receiving the benefit of an earlier filing date under 35 U.S.C. 120. This application is a divisional of 08/957,907, filed 10/27/97, which is a divisional of 08/665,828, filed 6/19/96.

4. It is noted that this application also appears to claim subject matter disclosed in prior Application No. 07/961,527, filed 10/15/92. A reference to the prior application must be inserted as the first sentence(s) of the specification of this application or in an application data sheet (37 CFR 1.76), if applicant intends to rely on the filing date of the prior application under 35 U.S.C. 119(e), 120, 121, or 365(c). See 37 CFR 1.78(a). For benefit claims under 35 U.S.C. 120, 121, or 365(c), the reference must include the relationship (i.e., continuation, divisional, or continuation-in-part) of all nonprovisional

applications. If the application is a utility or plant application filed under 35 U.S.C. 111(a) on or after November 29, 2000, the specific reference to the prior application must be submitted during the pendency of the application and within the later of four months from the actual filing date of the application or sixteen months from the filing date of the prior application. If the application is a utility or plant application which entered the national stage from an international application filed on or after November 29, 2000, after compliance with 35 U.S.C. 371, the specific reference must be submitted during the pendency of the application and within the later of four months from the date on which the national stage commenced under 35 U.S.C. 371(b) or (f) or sixteen months from the filing date of the prior application. See 37 CFR 1.78(a)(2)(ii) and (a)(5)(ii). This time period is not extendable and a failure to submit the reference required by 35 U.S.C. 119(e) and/or 120, where applicable, within this time period is considered a waiver of any benefit of such prior application(s) under 35 U.S.C. 119(e), 120, 121 and 365(c). A benefit claim filed after the required time period may be accepted if it is accompanied by a grantable petition to accept an unintentionally delayed benefit claim under 35 U.S.C. 119(e), 120, 121 and 365(c). The petition must be accompanied by (1) the reference required by 35 U.S.C. 120 or 119(e) and 37 CFR 1.78(a)(2) or (a)(5) to the prior application (unless previously submitted), (2) a surcharge under 37 CFR 1.17(t), and (3) a statement that the entire delay between the date the claim was due under 37 CFR 1.78(a)(2) or (a)(5) and the date the claim was filed was unintentional. The Director may require additional information where there is a question

Art Unit: 2125

whether the delay was unintentional. The petition should be addressed to: Mail Stop Petition, Commissioner for Patents, P.O. Box 1450, Alexandria, Virginia 22313-1450.

If the reference to the prior application was previously submitted within the time period set forth in 37 CFR 1.78(a), but not in the first sentence(s) of the specification or an application data sheet (ADS) as required by 37 CFR 1.78(a) (e.g., if the reference was submitted in an oath or declaration or the application transmittal letter), and the information concerning the benefit claim was recognized by the Office as shown by its inclusion on the first filing receipt, the petition under 37 CFR 1.78(a) and the surcharge under 37 CFR 1.17(t) are not required. Applicant is still required to submit the reference in compliance with 37 CFR 1.78(a) by filing an amendment to the first sentence(s) of the specification or an ADS. See MPEP § 201.11.
